

Remembering Rock...

June 2015 Prayers, Praises & Updates from Rock Mountain Bible Camp

Summer is in full swing at Rock Mountain Bible Camp. In the months of May and June we are serving **FIVE** brand new groups, which is a great opportunity to partner with new churches, and also means that our busy summer season has already begun! Training has unofficially started for many summer roles, and on Tuesday Staff Training will formally begin! These next few weeks are crucial to our summer of ministry: Relationships will be formed, tasks will be learned and the skill and heart of our staff for the summer will, in so many ways be determined by the next several weeks. Please be praying for our staff: that they would be enthusiastic about serving in their various roles with excellence, that they would have a heart of sacrificial service to God, and that we would establish encouraging, and purposeful relationships within our summer team!

Upcoming Events at RMBC

June 26 **Mini Camp** | July 5 **Teen Camp** | July 12 **Junior Camp**
August 6 **The Path** | September 5 **Rock Mountain Mud Rush**

Pray with Us...

- For Ukrainian Baptist Convention, Parker Hill Missions Teams, Christian Stronghold, Upward Bound, Full Gospel United Church, AOG Clifton and Praise Christian Church, all holding retreats at Rock this month!
- For Staff Training. Serving, discipling and leading well is so dependent on the training process. Pray for excitement and receptive hearts and minds for both the tasks to be learned, and a heart of service behind them!
- For healing, patience and wisdom for John Goodenough, as he recovers, and adjusts his marathon plans.

Thank God with Us...

- The new furniture has arrived! We are praising God for His provision of new chairs, couches, and tables to serve our guests this summer.
- Junior Camp is just about full! We are excited to have so many kids here to learn and grow in their walk with the Lord, while having a great time at camp!
- For the **NINE** new groups we have coming to Rock Mountain for the first time this summer!

Unfortunately, the photo to the left represents a new, and unwanted phase of John's marathon training. John currently has a possible stress-fracture in his leg. He has an MRI scheduled for June 15, to definitively diagnose the injury, and discuss its impact on marathon plans. Please be praying for healing, and wisdom as John makes decisions regarding this fundraiser.
